Subject: Re: Fox London needs to meet Assange

Ty James...they need to move this up!

The "MOU" (there is the JW version and the Politico version) dated 16 November 2008 references numerous government grants.

The release 18 December 2008 compounds the problem that no government grants are disclosed from 1997 through 2007 (and possibly 2008) in NY state filings, in required detail.

I am getting these early disclosures from several governments.

They do not reconcile.

Second "yuge" problem...the FDA did not approve foreign generic versions of HIV/AIDS medicines until January 2005 for an Indian maker called Aurobindo. Thereafter, Ranbaxy and others were approved.

Starting after 12 July 2002, Bill Clinton and Ira Magaziner solicited funds and received government donations to distribute generic medicines internationally.

This was illegal because the Foundation was not authorized for this purpose, the blokes were not officers or directors, the financial consequences were not disclosed, and the drugs were not FDA approved.

Other than the above, there are major problems with the Little Rock complex.

The stated construction values are fanciful as I prove w hidden audits (noncompliant) I found in MA.

And the Foundation committed bank and wire fraud in 2004, 5, and 6 involving \$38 million across state lines.

The construction fraud seems to be around \$60 million or so...precise estimates are tough.

Here, double entry accounting is our friend.

Stay cool gentlemen.

The notion there are no emails dealing w reorganization of Foundation from 16 November 2008 forward is fanciful.

Assange likely has many of these.

They will crucify Clinton and implicate Obama.

And they need to emerge!

Cheers
